St Martin s Press, United States, 2012. Paperback. Book Condition: New. Reprint. 168 x 104 mm. Language: English . Brand New Book. The wealthy Governor Saxa, of the great city of Carce, has generously subsidized a theatrical/religious event. During this elaborate staging of Hercules founding a city on the shores of Lusitania, dark magic turns the panoply into a chilling event. The sky darkens and the waves crash in the flooded arena. A great creature rises from the sea: a huge, tentacled horror on snake legs. It devastates the city, much to the delight of the crowd. A few in the audience, although not Saxa, understand that this was not mere stagecraft, but something much darker and more dangerous. If all signs are being read right, this illusion could signify a dreadful intrusion of supernatural powers into the real world. Saxa s son, Varus, has been the conduit for such an event once before. This new novel is as powerful and elaborate as that fantastic theatrical event, a major fantasy for this year.
