Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Price Action Breakdown is a book about pure price action analysis of financial markets. It covers concepts, ideas and price action trading methods that you most likely haven't seen anywhere else. The knowledge contained can be used to trade any financial market such as Forex, Futures, Stocks, Commodities and all major markets. It is based on trading the pure price action using key supply and demand levels. Reading, learning and applying the concepts and trading methods described will greatly improve your trading in all aspects, starting from analyzing the price movements on your charts to trade entry and exit. You will get familiar with concepts like value of price, control price, excess price, moving supply and demand levels. It comes with an exclusive price action trading strategy that will add great value to your trading. The material is best suited for the analytical type of traders, who are willing to do the work in order to become a successful trader. It is not suited for the type of trader looking to automate trading or relying on an indicator to make trading decisions. What will you learn by reading this book? How to find the bulk of trading volume by analyzing price action movements alone, without the use of additional tools or technical indicators. This will, in turn, reveal the location of the value of price on your charts to provide valuable insights regarding extremely powerful support and resistance areas that you can take advantage of in real trading conditions. Proven price action concepts and techniques to find the market trend, thoroughly analyze its overall strength and make the most informed judgments possible about...
