(PAPERBACK)** book.

Icom Multimedia, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The purpose in writing **It s NOT That Complex** is based on the belief that Americans are abandoning their innate ability to form common-sense opinions and act on them as opposed to accepting popular perspectives from the media or others in their social or business circles. This abandonment is subtle and regularly defended because it requires a certain amount of effort to step back, analyze issues, identify the real problems and simplify discussions. All too often we watch others debate symptoms and never insist on discussing the underlying problem(s). We passively accept the analysis of others and retreat into a zone of denial, believing that things can t be that bad . We continue to live comfortably without understanding that a new level of proactive, vocal participation is necessary! With the ever increasing number of information sources confronting us each day, determining which ones are credible and which ones are downright misleading can be an overwhelming task. Combined with the pressures of everyday tasks and responsibilities, it is far too easy to form beliefs and opinions without stopping to analyze which sources are relatively objective and which ones are downright self-serving. I say relatively objective because few information sources are truly objective in that their mere existence often depends, to a certain extent, on promoting one viewpoint or another. This book s organizational style was designed simply to allow a reader to pick and choose which topics are most relevant or important and read them in any order. The quotes included establish that the ideas I am promoting are not new or original. Most of them originated long ago from very intelligent folks. I have also avoided...
